WINE SPECTATOR'S TASTERS

The Most Experienced Team of Wine Journalists in the World

Wine Spectator's tasting staff includes 17 tasters and tasting coordinators in two offices. They work together to review nearly 20,000 wines each year, more than any other publication. Together, our ten senior tasters count more than 140 years of tasting experience.

We always taste wine blind, in our offices in Napa and New York. This is your guarantee that our reviews are fair and objective, and that a wine's reputation or price does not influence its score. Each editor specializes in the wines of specific regions; initials appended to the review identify the taster of each wine. We score wines using the 100-point scale (see green box).
